**Subject:** Regulatory Advisory Panel Mtg - "BACH" Rulemaking (follow-on to Triennial Review)

Based on results from the Doodle Poll sent out last month, the next Regulatory Advisory Panel meeting for the "Bacteria, Ammonia, Cadmium & Human Health" Water Quality Standards Rulemaking will be **Wednesday, Feb. 21<sup>st</sup>, at DEQ's new Central Office in the Bank of America Building (1111 E. Main Street, Richmond VA 23219)**. Information is attached about parking options near DEQ-CO.

We'll be in the 14<sup>th</sup> floor conference room and you'll need to come to the concierge desk before being escorted upstairs; a list of expected attendees (those that responded to the Doodle Poll) will be at the desk. A draft agenda will be sent before the meeting along with a conference line number to dial in to, if you can't attend in person. The main focus will be on proposed changes that are applicable to the Bacteria element of the rulemaking.

Thanks for your continued assistance and interest in this rulemaking.

John Kennedy
